Deposition of James Shehadey / March 16, 2011

1 Q. To the right of that, Cost would indicate the  
2 cost to Red Triangle to have acquired that gasoline?

3 A. Yes.

4 Q. And to the right of that, the Profit column  
5 would indicate the profit made for each of those grades  
6 during that year?

7 A. That would be the gross profit, yes.

8 Q. For the customer listed first, the 34000, where  
9 would that Fleet Card be, if you know?

10 A. That is in Clovis Avenue, 3939 Clovis Avenue.

11 (Deposition Exhibit 5 marked for  
12 identification)

13 MR. EICKMEYER: I will show you what I have  
14 marked as Exhibit 5. This appears to be a series of  
15 bills of lading and highway transportation receipts  
16 that were given to me in this form. It is Bates  
17 REDTRIANGLE-SHE-40 through 144.

18 Q. Can you describe for us generally what these  
19 documents indicate?

20 A. These documents, and they all come in sets of  
21 two, you know, at the top, would be the delivery made to  
22 this site, Fleet Card Fuels 2809. And then the cost  
23 with the HTR Bill of Lading number on it and the gallons  
24 that were put in each tank. And immediately following  
25 that is the HTR picked up at the facility that the

Deposition of James Shehadey / March 16, 2011

1 product was loaded at, which -- which we attached to all  
2 of our invoices. The top -- the first document would be  
3 the invoice, the page immediately following that would  
4 be the backup to that invoice. And that goes in the  
5 same format for the rest -- the rest of all these  
6 documents which are just invoices for the entire year  
7 that we were able to pull last -- last week.

8 Q. Okay. Let me ask you a few questions to break  
9 down what you described. So on the very top document,  
10 you had mentioned there is a box labeled HTR Bill of  
11 Lading, that's toward the top right.

12 A. Correct.

13 Q. And this example says 617811. That's on  
14 page -- Bates Page 40?

15 A. 40.

16 Q. Okay. So if we turn to Bates Page 41, looking  
17 toward about the center of the page under HTR number, it  
18 also says 617811 at that point?

19 A. Mm-hmm. Yes.

20 Q. Is that yes? Okay.

21 So that would indicate that it is the same  
22 delivery referenced on Pages 40 and 41?

23 A. Yes.

24 Q. And then you mentioned the gallons, so looking  
25 at Page 40, for example, PREM. gasoline is circled.

Deposition of James Shehadey / March 16, 2011

1 Across from that under LB/GAL it has a 1106; is that  
2 right?

3 A. Yes.

4 Q. So that would indicate 1,106 gallons of premium  
5 gasoline?

6 A. Yes.

7 Q. Below that is circled reg, REG. unleaded.

8 Across from it has 2909, so that would indicate 2,909  
9 gallons of regular unleaded gasoline?

10 A. Yes.

11 Q. And then below that is circled CARB diesel  
12 No. 2-taxable. Further to the right says 4013. So that  
13 would indicate 4,013 gallons of diesel fuel?

14 A. Yes.

15 Q. Then if we look at the second page in this  
16 packet, Page 41, the numbers on here that I had  
17 referenced, the 1106, 2909, and 4013, would be down at  
18 the right edge toward the bottom under the Net Gallons  
19 column?

20 A. Correct.

21 Q. Can you describe what the difference is between  
22 the gross gallons shown and the net gallons?

23 A. Yes, I can try. It is based -- it is based on  
24 the temperature at the time the delivery is picked up,  
25 and based on the -- I think the way gasoline expands or

Deposition of James Shehadey / March 16, 2011

1 THE WITNESS: No --

2 MS. KLEAVER: Misstates prior testimony.

3 THE WITNESS: No, I wouldn't consider it -- in  
4 fact, we call it unbranded because, like I said, there's  
5 different people that -- some are traders and some hold  
6 no -- no title, or they -- they don't refine the  
7 product. And I would actually call it unbranded and  
8 would just know it as -- as California Air Resource  
9 Board grade gasoline coming from any one of several  
10 terminals in the Bay Area, or Bakersfield at that time,  
11 but wouldn't -- wouldn't know what brand it is.

12 The only brand I would differentiate was -- and  
13 we are a, you know, branded jobber now for, you know,  
14 when -- when the -- when the fuel comes in, each brand,  
15 say, Chevron or Shell or 76 has an additive that you put  
16 in, then it is branded gasoline. But on this, we would  
17 refer to it really as unbranded gasoline.

18 MR. EICKMEYER: Q. Did you handle branded  
19 gasoline, such as you just described, of putting  
20 particular additives back in the 2002 or 2003 time  
21 frame?

22 A. At that time we were a -- yes, a branded  
23 jobber. It was Exxon -- we had Exxon -- Exxon stations  
24 at that time. And that was, I think, through a --  
25 through an agreement with Valero. It was actually

Deposition of James Shehadey / March 16, 2011

1 Valero refined because that was after the merger, and I  
2 think it was through Valero, but it was Exxon branded  
3 gasoline.

4 Q. So to your understanding, gasoline was refined  
5 by Valero and then sold under the Exxon brand?

6 A. No, it was -- it would still have come in the  
7 same pipeline and it had the Exxon additive. But as far  
8 as who refined it, I wouldn't be able to say.

9 Q. So was the Exxon additive added at your bulk  
10 plant?

11 A. No, that is at the terminal. At the terminal.  
12 There are separate tanks with each additive component.

13 Q. Would that gasoline that you just described,  
14 then, have been designated for delivery to Valero  
15 stations?

16 MS. KLEAVER: Calls for speculation.

17 THE WITNESS: It would be for more like an  
18 Exxon station.

19 MR. EICKMEYER: Q. I am sorry, I said that  
20 backward. For an Exxon station.

21 A. Yeah.

22 Q. And would that gasoline have been stored in the  
23 aboveground gasoline storage tanks at the bulk plant  
24 that we discussed earlier?

25 A. No. No. Usually when you deliver to a
